COMPUTER LOAN APPLICATION FOR UNDERGRADUATES

Name: _____ Student I.D. #: _____

E-mail Address: _____ Phone: _____

Amount Requested for Computer Loan: \$ _____

In keeping with the [UC Davis Computer Ownership guidelines](http://computerownership.ucdavis.edu) (*computerownership.ucdavis.edu*), the Financial Aid Office can provide eligible undergraduates receiving **need-based** financial aid at UC Davis with up to \$1900 once during their academic careers to be used to purchase a computer.

Students must meet the following requirements:

1. Complete this Computer Loan Application form and submit it to the Financial Aid Office with an official price estimate from the vendor you will be purchasing your computer from.
2. Based on the estimate, the Financial Aid Office will increase your budget by up to \$1900 and award a loan to be used to purchase the computer. All requests for computer loans must be made prior to the computer purchase.
3. Funds are disbursed directly to your student account. Any outstanding balances or debts owed to the University at the time the computer loan is issued will be subtracted from your loan. If there is a remainder, a check or direct deposit will be issued. The computer purchase must be within \$100 of the total computer loan or the loan amount will be adjusted to reflect the actual computer costs, and the student will be expected to pay back the difference.
4. Once the funds are disbursed, a hold will be placed on future financial aid disbursements until a copy of an actual receipt is submitted. The receipt must include your name, date of purchase, and payment method. If the receipt is not in the name of the student who requested the loan, a detailed explanation must be submitted with the receipt. Computers must be purchased during the academic year (September - May).

If the receipt is not submitted within 30 days, the funds will be pulled back and the student will be billed.

I have read and understand the above Computer Loan Application requirements.
