Important Notes:

- Appeals are reviewed in the order they are received.
- **Students with an approved appeal are placed on probation for the following quarter and their academic progress is monitored to ensure that they meet the conditions of their probation. Once the Financial Aid and Scholarships Office determines that SAP was met for the probationary term, the student will return to good SAP status for the remainder of the academic year. If SAP is not met during the probationary quarter, financial aid will be canceled for all subsequent terms.** If a student believes that an extenuating circumstance led to not meeting the conditions, the student may meet with a Financial Aid Officer.
- The UC Davis Financial Aid and Scholarships Office cannot confirm that probation conditions are met until after the grades are posted on the student's record and the academic standing and GPA are recalculated. This may occur after the fee deadline and in this case you may need to make alternative payment arrangements. For example, [alternative loans](#) or the [Deferred Payment Plan](#).
- Students seeking readmission to the University must submit an appeal by the published deadline. Once readmitted, the student will need to submit a complete copy of the readmission notification email from the Office of the University Registrar.
