Outside Scholarship –Website Listing Request

For private scholarship foundations wishing to be added to the list of outside scholarship opportunities on the UC Davis website, it is required that a representative from the foundation or organization complete and submit this form. The Undergraduate and Prestigious Scholarships office will evaluate all requests made and determine if the scholarship is an appropriate fit for listing on the outside scholarship resource website. In general, our office will consider scholarship opportunities that are:

- Genuinely seeking to help students afford their education, rather than using scholarships as a means to promote a business.
- Achievable and present a strong likelihood of our students winning a scholarship.
- Within fields of study, interests, and geographic regions that apply to UC Davis students.

In general, the following is a non-exhaustive list of items that would prevent a scholarship from being listed on our website:

- Extensive advertising of products and services on the scholarship web link – our interest is in directing students to available resources to help pay for educational costs, not to promote an organization, company, or their products.
- Scholarships requiring majors or fields of study that UC Davis does not offer. Be sure to view a list of our majors at ucdavis.edu to ensure we have applicable majors prior to submitting this form.
- Scholarships that only fund education after a bachelor's degree (graduate school, post-doctoral, law, etc.). Our office handles undergraduate scholarships only. All inquiries pertaining to scholarships after bachelor's degree attainment should be directed to the appropriate offices on campus (Office of Graduate Studies, Law School, etc.).
- Have an application fee or requires purchase of a product or service.
- Requires personally identifiable information, such as social security number, mother's maiden name, etc.

Scholarship Name: _____

Scholarship Website Address: _____

One Sentence Description of Scholarship:

Number of Scholarships Being Offered: _____

Scholarship Amount(s): _____

Scholarship Deadline(s): _____

Is the scholarship offered annually or is this a one-time only scholarship: _____

I understand that UC Davis is in no way obligated to list this scholarship opportunity on their website or otherwise promote it to their students. The Undergraduate and Prestigious Scholarship office will take my request into consideration within 4 weeks of submission. If approved, my scholarship will be listed on your website prior to the submission deadline. By signing below, I confirm that I have read the information above and believe the submitted scholarship meets the basic criteria for consideration.
